A TERRIBLE CRIME.

Husband, Wife, Daughter and a Son Were Shot and Killed by an Unknown Assassin.

THE HOUSE WAS THEN SET ON FIRE

The Man Was Almost Cremated But the Bodies of the Woman and Children Were Rescued.

A Son Is the Only Member of the Family Alive and Says He Thinks the Motive Was Neither Robbery Nor Revenge.

Auburn, Cal., Nov. 12.—It is now known that Julius Weber, 48, his wife, 41, their 19-year-old daughter Bertha, and their son Paul, 14, were murdered Thursday night by an unknown assassin, who set fire to the home in an effort to cover his crime. Before the fire had made any great headway the bodies of the murdered woman and her two children were rescued from the burning house.

An examination of the bodies showed that Mrs. Weber and the children had been murdered before the fire had been started. The daughter had been killed by a pistol wound, as had been Mrs. Weber. On the boy's head were several deep cuts. He had also been shot.

All efforts to reach Julius Weber, the father, who was not thought to be in the burning house, was abandoned until Friday, when a search was made in the burned timbers and his body was found in the bathroom of the dwelling. He, too, had been shot down before being left to be consumed by the flames.

The body of Mr. Weber was so badly burned that it has been impossible to ascertain how often he was shot.

One very peculiar circumstance of the tragedy is that while the bodies of the mother and daughter were burned to some extent the apartment in which they were lying was not on fire when the firemen broke in, which showed that they had been killed in some other portion of the house, partly burned and then dragged into the room where they were found.

Coroner Shepard, Sheriff Kean and District Attorney Robinson are making a thorough investigation of the tragedy. They are advancing no theories, but the facts would indicate that the murders was the work of a madman or cool, calculating, premeditated crime.

The robbery theory is about exploded, as no incentive has been found. Adolph Weber, the son, aged 20, who is the only member of the family alive, talks but little, but to the coroner and sheriff he says he didn't think the motive was either robbery or revenge. When asked if he had a theory, he said he had, but would not give it. He did say, reluctantly, that his father had a violent temper. The boy said he left the house about 6:30 and came down town, purchased a pair of trousers, and did several other errands. When he went to the fire he dropped his old trousers, which were in a bundle, in the burning building. He is now at the home of Deputy County Treasurer John Adams. Young Weber has a good reputation. Two 22-caliber revolvers were found, but the bullets extracted from the body were of 32 caliber. The officers are looking for the pistol from which they were fired.

The autopsy Friday night on the body of Mr. Weber disclosed a bullet wound through the heart. The diameter of the wound was the same as that in the bodies of Mrs. Weber and Miss Weber, who were shot with a 32-caliber weapon.

Julius Weber was a retired brewer and was possessed of considerable wealth. The family lived in a handsome home here, and Mr. Weber possessed valuable property in Oakland, Cal.

Eager, of the Southern Baptist theological seminary, were made prisoners in the Baptist Argus office Friday evening by the locking of a door, and the fire department had to send a hook and ladder company to take them from a second-story window in order that Dr. J. H. Eager might catch a train for Baltimore.

There was no time to lose, so the gallant firemen pulled the preachers aboard the truck as they came down the ladder, and with the bell clanging drove them to the Seventh street depot, where Dr. Eager managed to catch the last car of the Baltimore & Ohio train, which had just started.

MAY BE LYNCHED.

Posses After Ed Jackson Who Killed Two Men in Fayette County, West Virginia.

HIS TWO BROTHERS UNDER ARREST

The Trouble Started Over the Killing of Constable W. A. Jackson by Policeman Will Elliott.

The Jackson Boys Then Started to "Clean Up" the Whole Police Force of the Town, a Small Hamlet Near Fayette.

Charleston, W. Va., Nov. 12.—Friends of Sheriff Daniels, who was murdered at Montgomery Thursday, threaten a lynching should Ed Jackson, his murderer, be apprehended. At a late hour Friday night all efforts to arrest Jackson proved futile. After the shooting Jackson ran down the railroad track and disappeared in woods. Two pairs of bloodhounds were placed on his trail Friday, but with no success. The townfolk who were thrown into a fever of excitement because of the double shooting, first of W. A. Jackson by Policeman Elliott, and then of Sheriff Daniels, by Jackson's brother, was subsided somewhat. Should Jackson be captured it is possible that there will be further trouble. His two brothers, who were captured, have been brought to Charleston for safety. The remains of Sheriff Daniels were removed to Fayetteville Friday.

The trouble was started by the murder of Constable W. A. Jackson by Policeman Will Elliott, of Montgomery in a quarrel between the two officers. Jackson was shot and killed. Harvey Jackson, a brother of W. A. Jackson, and two other brothers armed themselves and started out to "clean up" the entire police force of the town, which is a small hamlet near Fayette.

A telephone message was sent to Sheriff Daniels, of Fayette county, to come to Montgomery at once, as bloodshed was certain. Daniels reached Montgomery at 10 o'clock Thursday morning. Just as he stepped from the train he saw Harvey Jackson lounging near the station. Without drawing his revolver the sheriff walked over to Jackson and placing his hand on Jackson's shoulder told him to leave town under penalty of being arrested. Jackson without a word fired twice pointblank at the sheriff. The sheriff dropped to the ground, dying instantly. John Rolf, a prominent citizen of the town, witnessed the talk between Daniels and Jackson. Throwing up his hands he advanced toward Jackson to remonstrate with him and to help Daniels. Jackson turned and shot Rolf dead. Then reloading his revolver and drawing another from his pocket he defied any one to take him. The other Jackson boys came into town and for half an hour the three paraded the streets firing revolvers and defying the town. The streets were deserted and not an official dared to make his appearance. In the meantime Detective Harrison Ash, reputed to be the gamest man in West Virginia and who lives near Montgomery, was telephoned for. He was seen coming down the roadway from Montgomery by the Jacksons. They started on a run for the mountain base nearby and escaped in the woods. After Ash had driven the murderers to the mountains the citizens plucked up courage and "warmed into the streets heavily armed. A posse of 200 men were quickly organized, and under the leadership of Ash and other police, they started beating the woods for the Jacksons.

A reward of \$10,000 has been offered for Ed Jackson dead or alive. A warrant is out for Chief of Police Huntley, of Montgomery, as being accessory to the killing of Daniels. The wife of Daniels is prostrated and there is little hope of her recovery. A big bunch of deputies in Montgomery preserved perfect order Thursday night and Friday.

SCIENTIFIC EXPERIMENT.

The Altitude of Wireless Messages Tested at St. Louis.

St. Louis, Nov. 12.—As the result of a scientific experimental balloon ascension made Friday from the aeronautic concourse on the World's fair grounds the practicability and accuracy with which wireless messages could be received both as to altitude and distance were satisfactorily tested. More than 20 messages were transmitted from the World's fair wireless tower and received by the operator in the aerial craft. Paul Knabenshue, of Toledo, accompanied by the operator, A. W. McQueen, of Guthrie, Okla., and W. S. Foreman, of St. Louis, made the ascension. After making a successful journey through the air one hour and a half in duration, Aeronaut Knabenshue made a safe landing four miles southwest of the concourse. The balloon was carried back in a wagon to the aerodrome. The ascent was made in the presence of several hundred spectators. As Knabenshue threw the ballast over, the balloon shot rapidly into the air. The first current of air sent it to the east, whence its course veered to the south and soon disappeared in the hazy atmosphere. The highest point of altitude reached was estimated at about two miles.

FAST TRAIN DITCHED.

Thirteen Persons Were Injured, None Dangerously.

Macon, Ga., Nov. 12.—The Southern railway's fast train No. 14 for Brunswick and Jacksonville, was ditched three miles below Cochran, Ga. Seven coaches were overturned and 13 persons were injured in the wreck, though none seriously. The accident was caused by a misplaced rail, the spikes of which were either broken or had been removed. To the left of the track was a 40-foot embankment and had the train gone down on that side it is probable a great loss of life would have occurred.

The following were among the injured: J. N. Long, Muncie, Ind., bruised right side; Sam Schatz, Cleveland, O., sprained back and hip; G. Park, Sharon, Pa., slight body bruises; J. Welnsbery, New York, sprained right ankle; A. Park, Ravenswood, W. Va., bruised head and leg.

A detachment of the Colorado national guard will escort the hero's remains to their final resting place, in Calvary cemetery.

PORT ARTHUR.

No Confirmation of the Rumor That It Had Capitulated.

London, Nov. 12.—No confirmation has reached London of the rumors current on November 10 of the capitulation of Port Arthur; that Gen. Stoessel was asking for an armistice, etc. According to the Daily Telegraph's Chefoo correspondent Japan has consented to open the port of Antung to steamers chartered by silk merchants when the latter obtain special permits. This action is due to China's protest that exclusion of the neutral shipping would ruin the silk trade.

Post Office Inspector Dead.

St. Louis, Nov. 12.—George F. Dye, chief post office inspector for the St. Louis district, died Friday night at his home from kidney complaint, at the age of 56 years. He was born in Washington county, Tennessee, and was many years in the service.

THE PHILIPPINES.

Gen. Wade, in His Annual Report, Says Cholera Has Disappeared From Islands.

TROOPS ARE STILL NECESSARY.

Theories For a Continental Army Composed in Whole or in Part of Natives Evolved.

The General Believes That in a Short Time Conditions Will Have Improved So That the Constabulary Can Keep Peace.

Washington, Nov. 12.—Gen. J. F. Wade, commander of the Philippine division, in his annual report says that while the troops in the islands have not been actively engaged their presence there is necessary as an aid to the authorities. Continuing Gen. Wade says:

"The Filipino soldier, both scout and constabulary, has done and is doing good work, but it is the work of the trained soldier against the mob. He has been well armed, drilled and disciplined by American officers and led by these officers against the undisciplined, undrilled and poorly armed outlaws of the provinces; men of his own race, but lacking his advantages and having nothing to gain but all to lose by fighting. The talk of the Filipino soldier has gone so far that many persons have evolved theories for a continental army to be composed in whole or in part of natives. In fact, to judge by what one sees and hears, most army officers and many civilians seem to keep bills for this purpose in stock, fully developed and ready to be drawn up in form of an act of congress. In one respect too many of these schemes resemble the numerous projects for a Filipino republic which provide, by name, for a dictator and a lieutenant general."

The general adds that it is to be hoped that within a reasonably short period conditions will have improved sufficiently to enable the constabulary to keep the peace throughout the islands, and that "then the borrowed troops can be returned and, by order of the president the number of company's reduced." In his opinion the time has not arrived when an arrangement can be made for the proper garrisoning of the island. The actual value of the Filipino as a regular soldier, he says, is still an open question.

THE REED SMOOT CASE.

A Hitch Has Occurred in the Mormon Investigation.

Chicago, Nov. 12.—A hitch has occurred in the Reed Smoot Mormon investigation, which was to have been resumed by the special sub-committee of the committee on privileges and elections of the United States senate immediately after the election of last Tuesday. The members of the sub-committee were to meet in Chicago this week and proceed to Utah, but the trip has been declared off.

United States Senator DuBois, of Idaho, who is engaged on the side of the prosecution, reached Chicago Thursday night. He received a message from Senator Burrows, of Michigan, chairman of the special committee, informing him that it was impossible to get the members together. It is believed, therefore, that the plans for gathering testimony among the Mormons before the meeting of congress next month will be abandoned.

WEATHER FORECAST.

Fair and warmer to-night; Sunday fair.

MR. BRYAN will now put out his ideas about the reorganization of a Democracy that may not be quite so safe for the Republicans.

By the refusal or neglect of the Republican election officers in a precinct in Fleming to properly certify the returns, Mr. Kehoe's majority in that county will be 150, which throws altogether a different light on the outcome of the Congressional race in this district.

If Mr. Bryan shall readme the leadership one may well believe that conservative Democrats will look upon him far more kindly than they have in the past. But the fate of the party in the immediate future depends largely, as does the fate of the Republican party, upon the policy of President Roosevelt and the Republican Congress respecting the reforms which the people demand and to which they are entitled.

While the BULLETIN has not been made familiar with Mr. Duley's plans, it takes the liberty of informing an "anxious inquirer" that the thrifty real estate hustler is not in competition with the Burley Tobacco Growers' Association, nor is it likely that he is trying to work up a corner on foodstuffs in this locality. The President of the Board of Trade has evidently decided upon a season of retrenchment and the weed, grain and tubers may be wanted for another "bankwet" and smoker when the Board gets ready to whoop things up again.

This Democratic party to-day occupies a position which it should not abandon and which it has attained after overcoming remarkable difficulties, says the Pittsburg Post. If it maintains that attitude it will certainly enter upon the next national campaign with the sure promise of victory. There should be no turning back on the path of progress it has occupied during the last few months. The harmony of action and of principle which has been secured should be adhered to. There should be no factional struggles for supremacy and no abandonment of the chief principles upon which this campaign was fought. From to-day on all true Democrats must act together for victory four years hence.

The Ledger pretends to think because Mr. Kehoe ran away ahead of the ticket in Hilltop precinct the figures have a "suspicious" look. If Brother Davis will take the time to size up last year's returns he will see that this is not the first time a Democratic candidate outran the head of his ticket at Hilltop. With 325 less than Mr. Kehoe's present majority in the county, Beckham got 25 more votes than Slattery in that precinct last November, but Mr. Daum, the Republican opponent of Mr. Slattery, was elected, and there was no kick coming from that side of the house. Before the recent election even the opposition conceded Mr. Kehoe a thousand majority in Mason, and why shouldn't he be expected to get a bigger Hilltop vote at those figures than did Beckham with 683 majority in 1903? The Ledger's insinuations are not only unfair, but they are ridiculous.

WHAT IT MEANS.

Republicans' Big Victory May Result in a Reduction of the South's Electoral Vote.

In the opinion of Senator Morgan of Alabama the Republican victory of Tuesday means the reduction of the South's electoral vote. "I have no doubt," said the Senator, "that the rules of the Senate will be so changed as to allow a vote being taken on the Crumpacker resolution. You may call this revolutionary, but it is certainly not more revolutionary than a number of other things which have been done in recent years by the Republican party under the leadership of President Roosevelt.

"There are very few of us Democrats left in the Senate. Fairbanks, elected with Roosevelt, now becomes the presiding officer of the Senate. Senator Frye would probably not do it, but who can say that Vice President Fairbanks, when the question has been debated a reasonable time, will not put the Crumpacker resolution before the Senate and say that a time has been reached for a vote. That it will pass, and that it is meant to pass, no man can doubt.

"The defeat of the Democratic ticket," continued Senator Morgan, "can be traced more than anything else to the evasion of issues and the predominance in the party of mugwump leaders. For example, the people of the United States are in favor of an income tax. It is the most of all taxes; it is Democratic doctrine, and yet the Democratic platform, through the baneful influence of some of its leaders, ignored it. The Democratic platform should have also declared, in answer to the position of the Republican party, that the Democratic party is a white man's party. On these two questions we should have come out boldly. Had we done so the result might have been different. Mr. Bryan is not entirely wrong when he says we have not been radical enough."

SUCCESS ASSURED.

President Hawkins of the Tobacco Growers' Association So Stated Thursday.

President Hawkins of the Burley Tobacco Growers' Association, states that the success of the venture is now practically assured, although the requisite number of acres had not yet been signed to the association, in order to obtain the financial backing that had been promised. All this, however, he assures the members, will be rectified within the next few days, and a strong canvass will be made in the districts not yet in touch with the organization. The time limit, which was originally set for November 5, has been extended, to give the association a chance. He says the showing at a round-up of contracts was much better than anticipated, and is satisfied the requisite amount of tobacco will be secured. Friends of the association will be asked to take all the contracts they can in every county in the burley district that has not been worked.

We are promised a dramatic surprise as well as a scenic treat in the "Moon-shiner's Daughter," to appear at the opera house Monday night. Lexington reports the production high-class in every particular and the show is re-booked there for to-night. Seat sale opens at Ray's Monday.

Dear Sir: Please ask your WIFE, DAUGHTER or SISTER to Read MY FREE Offer.

WISE WORDS TO SUFFERERS

From a Woman of Notre Dame, Ind. ¶

I will mail, free of any charge, this Home Treatment with full instructions and history of my own case to any lady suffering with female trouble. You can cure yourself at home without the aid of any physician. It will cost you nothing to give the treatment a trial, and if you decide to continue it will only cost you about 12 cents a week. It will not interfere with your work or occupation. I have nothing to sell. Tell other sufferers of it—This is all I ask. It cures all, young or old.

If you feel a bearing-down sensation, sense of impending evil, pain in the back or bowels, creeping feeling up the spine, a desire to cry frequently, hot flashes, weariness, frequent desire to urinate, or if you have Leucorrhoea (Whites), Displacement or Falling of the Womb, Profuse, Scanty or Painful Periods, Tumors or Growths, address Mrs. M. Summers, Box 120, Notre Dame, Ind., U. S. A., for the Free Treatment and Full Information. Thousands besides myself have cured themselves with it. I send it in plain wrappers.

TO MOTHERS OF DAUGHTERS I will explain a simple Home Treatment which speedily and effectually cures Leucorrhoea, Green Discharge and Painful or Irregular Menstruation in young ladies. It will save you anxiety and expense and save your daughter the humiliation of explaining her troubles to others. Plumpness and health always result from its use.

Wherever you live I can refer you to well-known ladies of your own State or county who know and will gladly tell any sufferer that this Home Treatment really cures all diseased conditions of our delicate female organism, thoroughly strengthens relaxed muscles and ligaments which cause displacement, and makes women well. Write to-day, as this offer will not be made again.

"Your ten days' treatment gave me instant relief, and though I have suffered from displacement and painful, irregular menstruation for several months, I am confident your treatment will cure me."

"Physicians recommended an operation, but your Home Treatment quickly cured me of soreness and inflammation of the womb and ovaries."

TILLIE WILLIAMS, Camp Nelson, Ky.

"Your Home Treatment was a God-send to me. It brought away the tumor and removed the soreness and ulceration of the womb in a short time."

MRS. M. SUMMERS, Box 408, Notre Dame, Ind., U. S. A.

THE COAL MAN.

The summer swiftly slipped away,
 And autumn is on deck;
 That's why the coal man's feeling gay
 And reaching for our neck.

When it was ninety in the shade
 And higher still at night,
 We'd meet the coal man on parade
 And hardly be polite.

Of course we couldn't make a fuss
 Or street disorder plan,
 But when he'd try to speak to us
 We'd say, "Who is the man?"

But now the tables have been turned,
 For when we pass him by
 And try our best to be concerned
 We get the glassy eye.

When summer rules the pleasant land
 The coal men makes no hit,
 But, oh, when winter is at hand
 He's surely all of "it!"

For then he holds the cards to win
 As much as he can count;
 For six months we have saving been
 To swell his bank account.

The turkey crop of the United States finds its first important market Thanksgiving week, when, according to a reliable estimate, about 6,000,000 of the birds are sold. It is raised in small lots all over the country, each farmer contributing a few. This crop of 6,000,000 Thanksgiving turkeys, if all of them were marching in single file, would stretch from Boston to San Francisco and as far as Denver on the return journey.

BOLD NEGROES.

Celebrated Roosevelt's Election at Danville in a High Handed Manner Tuesday.

Immediately upon receipt of the news at Danville that Roosevelt had been elected, a small band of negroes, headed by an Illinois negro, organized a drum and fife corps, and with Khaki uniforms and plug hats trimmed in the stars and stripes began marching through town.

They dressed a twenty-two-year-old negro in bunting and drew him through the streets in a small cart, which bore the inscription, "Baby Bunting, twenty-two years old, and never allowed to vote."

All went well as long as they marched through the streets, although half the people in the town were incensed at their conduct.

Growing bold at the noninterference in the business districts, they marched out to serenade the college. Here they ran amuck. A large body of students ordered them off the grounds, and on their refusal to obey, one of the body threw a stone through the bass drum. This infuriated the drummer, who seized a stick and struck a prominent young man who was a bystander, breaking his head.
